

FB Buddies

This activity requires the use of laptops and multimedia

Teacher's note: This activity encourages students to explore division of labor strategies. Divide the class into groups of 3–4 students. Within their groups, the students will assign duties to be performed when creating and presenting a Facebook (FB) group page. After assigning roles the students will create and present their FB group page. (Time: 30 minutes)

Student Prompt: Today's activity is called the FB Buddies Exercise and you will be creating and presenting a Facebook (FB) group page.

Assign the following roles: speaker, writer, technician, and audio/visual manager.

Speaker: You will present the FB page once it is completed. You will need to work with the writer and audio/visual manager in order to coordinate the presentation.

Writer: You will be responsible for writing the speaker's content. However, the speaker should also help with the creation of content. You will need to additionally post status updates as the project proceeds.

Technician: You will be responsible for creating the FB group page. You will also need to work with the writer and audio/visual manager in order to add content.

Audio/Visual manager: You will be responsible for displaying the page during the presentation. You will also need to familiarize yourself with the classroom projector system. Additionally, you will need to work with the technician to find pictures to post to the page.

Once you have assigned the roles, begin the activity. You will have 30 minutes to complete your page and coordinate your presentation.

Now that you have a group, you can help each other throughout the rest of the class
